### Our school initiatives are showing substantial progress toward our targets

After reviewing our 2016 *Investing for Success* agreement, it is clear that we have made progress toward our targeted student outcomes. We will continue to focus on maximising the benefits of this funding for our students, and adjust our initiatives as needed to ensure every student succeeds.

Initiatives implemented include:

- Employed additional teachers as curriculum coaches to support classroom teachers and students in improving student outcomes, particularly in the area of reading
- Employed additional Teacher Aide time to support the implementation of highly structured, differentiated literacy blocks
- Employed an administrative officer to input student data to support whole school data processes and facilitate the collation and analysis of data and the actions derived to inform teaching
- Employed a speech language pathologist for an additional one day per week to provide oral language development support to targeted students in years Prep to Year Two
- Developed, resourced and implemented a professional development and planning program to support teachers in the areas of Pedagogy and Curriculum
